REISSUE DECLARATION AND POWER OF ATTORNEY

Honorable Assistant Commissioner
for Patents
Washington, D.C. 20231

Sir:

We, the undersigned inventors and assignee of the above identified patent, hereby declare that:

Our residences, post offices and citizenships are as stated below next to our respective names,

We, the named inventors, believe we are the original, first and joint inventors of the subject matter claimed and for which a reissue patent is sought on the invention as entitled above the specification, drawing and claims of which are attached hereto, and the undersigned assignee believes that these named inventors are the first and joint inventors of the subject matter claimed

We hereby state that we have reviewed and understand the contents of the above identified specification, including the claims..

We acknowledge the duty to disclose information which is known to us to be material to patentability in accordance with Title 37, Code of Federal Regulations, Section 1.56.

We hereby assert that this application to reissue the above identified patent has been filed in order to correct a defect in that patent in that it is partially inoperative in that it claims less than the inventors had the right to claim. Reference is made to new claims 49-67 added to this patent by this reissue application as evidence of the newly claimed material that could have been claimed by us in the original patent, and now is being claimed by us. We further assert that this application to reissue has been filed in order to correct an error in the manner in which the angle of the radiation beam is characterized; degrees not being the conventional, preferred manner of referring to a solid angle. Reference is made to amended claims in this regard.

003180-104560
